

The GLOBE Program in Saudi Arabia

A brief report from July, 2011 to January, 2012

GLOBE NENA Regional Meeting
(February 8-9, 2012), Muscat, Oman

Main Activities

Preparation of Training Guides in Arabic:

- The Training Guide of GLOBE Basic Protocols in Atmosphere, Hydrology and Soil.
- The Training Guide of Planning for GLOBE Program and Team Leadership Skills.

Main Activities

Saudi Trainer Certified as a Trainer for Carbon Cycle and Watershed Dynamics:

Mr. Rafat Jambi GLOBE Master Trainer from Saudi Arabia attended Carbon Cycle Workshop (November 3-5, 2011) and Watershed Dynamics Workshop (November 7-9, 2011), Evanston, Illinois, USA. He certified as a Trainer for the two protocols.

Main Activities

Training workshops for GLOBE Teachers and Local Coordinators:

- Planning for GLOBE Program and Team Leadership Skills (Girls Section) (November 20-21, 2011), Riyadh, Saudi Arabia.

Main Activities

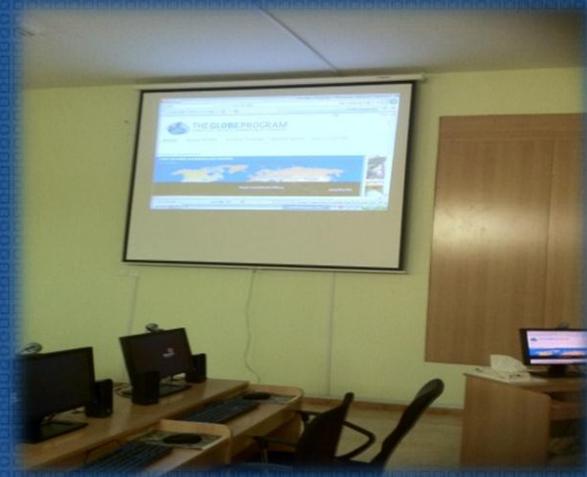

- The seventh workshop for GLOBE Protocols (Boys Section) (November 26-30, 2011), Al Hofuf, Saudi Arabia.

Main Activities

- The second workshop for GLOBE Protocols (Girls Section) (December 24-27, 2011), Hail, Saudi Arabia.

Main Activities

GLOBE Representative from Saudi Arabia Visits Washington Classroom:

On 28 October 2011, Mr. Rafat Jambi visited Mrs. Barney Peterson's class at James Monroe Elementary School in Everett, Washington.

Statistical Data

Schools	Teachers	Students	Data	Honor Rolls
135	165	109,350	645,715	708

Future Plan

1. Complete the preparation of Arabic guides.
2. Add 25 new schools.
3. Continue to implement the ministerial programs for students:
 - Scientific Field Studies.
 - Scientific Forum for Students Environmental Research.
 - National environmental competition.
4. Preparation of the First Scientific Meeting of GLOBE local coordinators and teachers.
5. Preparation of GLOBE support teams: Planning team, training team and technical support team.

Thank You
